

Minutes of St Goran NDP Group meeting 14th January 2020

Present: Pete McClellan, Chris Lobb, Lisa Dunne, Pete Thomas, Kate Longley, Arlene & William Fullerton, David Peacock, Fiona Gulliver, Frances & Geoff Firmin.

Apologies: Catherine Coffey and Jack Burr. Mike Bunney is withdrawing from the Steering Group.

The minutes of 25th November meeting had been circulated, and were accepted. By arrangement with Noreen Jefferies at Cornwall Council, the Housing Need Survey would be circulated ahead of the upcoming launch events. PM proposed a paragraph for insertion both in the Survey and in the Parish Magazine, advertising the events and inviting all residents to participate. An incautious phrasing was revised.

There was detailed discussion of arrangements for the first launch event, between 4:30 and 8:00pm on Monday 10th February in OSR. Seven members were available to host it. Two discussion areas would be created, one with map and postit notes to elicit and record what is cherished about Gorran, the other to hear views about the future. At each a member would record views expressed, noting where possible gender, age group and whether resident. All arrivals should ideally be greeted and have the event explained. KL would draft and circulate a prompt sheet to aid consistency.

Members attending would assess whether the same arrangements would suit the second event, on Tuesday 18th February in the Memorial Hall, or might be adjusted in light of experience. FG offered to extract themes from the records of both events.

A further consultative event might be planned for late Spring, once HNS results became available. Meanwhile local groups should be approached to arrange presentations.

Wednesday 26th February 2020 was proposed for the next meeting.
